

Dr. Benjamin Rohaut

Neuro-intensivist and Neuroscientist (M.D. Ph.D.)

Contact: [Division of Critical Care & Hospitalist Neurology](#), Columbia University Medical Center, [177 Fort Washington Avenue](#), Milstein 8, Center room 300; New York, NY 10032; Tel: (+1) 212-305-1928, Fax: 212-305-2792, email: br2529@cumc.columbia.edu, website: <https://brohaut.github.io>

Professional Experience:

- **Post-doctorat** at [Columbia University](#), New York; Director: Prof. Jan Claassen (actual position since December 2016)
- **Post-doctorat** at [ICM](#), Paris; Director: Prof. Lionel Naccache (November 2015 – December 2016)
- **Clinical Fellowship -Assistant Professor in Neuro-ICU (CCA)**; Neurological Department of La Pitié-Salpêtrière Hospital, University Pierre et Marie Curie - Paris-6 (Prof. Baulac / Prof. Lubetzki & Dr. Bolgert; November 2012 - October 2015)
- **Ph.D. in Cognitive Neuroscience** at ICM, Director: Prof. Lionel Naccache. Subject: *Neurophysiology of conscious and nonconscious semantic processing*; UPMC Univ Paris 06, Paris (November 2010- October 2015)
- **Clinical Fellowship in general ICU** (Praticien attaché temps plein) at La Pitié-Salpêtrière Hospital, Paris (Prof. Similowski; November 2009- October 2010)
- **Medical Residency** at La Pitié-Salpêtrière Medical School, University Pierre et Marie Curie - Paris-6 (November 2004- October 2009)

Education:

- **Ph.D. in Cognitive Neuroscience**, University Pierre et Marie Curie, UPMC(Paris-6), France, 2015
- **M.D.** at UPMC, Specialties: **Neurology** (DES; 2009) & **Intensive Care Medicine** (DESC; 2013)
- **Master-II: Sciences & Technologies. Integrative Biology & Physiology**, Specialty: Neurosciences, UPMC, 2008
- **Master-I: « Anatomy & Imagery of Central Nervous System »**, UPMC, 2006
- National Medical Concourse – “ENC”: 490th/ 3500 candidates, 2004
- **Master-I: « Physiology of integrated systems »** UPMC, Pr Baud, 2001
- Admitted in Saint Antoine UPMC Medical school (concourse, 24th/600), 1999

Scientific interests:

- Evaluating and monitoring brain dysfunction in ICU patients
- Probing residual cognitive abilities in patients suffering from disorder of consciousness following brain-injury & Neuroprognostication in ICU

Scientific Collaborations:

- **McDonnell JSMF-Project** since 2013: International collaboration exploring Disorder of Consciousness lead by Prof N.Schiff, NY, USA. (French Team lead by Prof L.Naccache)
- **GENER** (Groupe d'Exploration Neurologique en Réanimation) since 2013: French collaboration between Neurointensivists, Neurologists, Intensivists, Neurophysiologists, Neuroradiologists and Psychiatrists exploring Neurological dysfunction in Critically ill Patients (Lead by Prof. T.Sharshar et Prof. J.Mantz)

Main Scientific Publications: (details available on [Google Scholar](#)) :
